- (i). Prescription of rate for 120THMC does not prohibit the Deendayal Port Authority to permit deployment of 100T HMC. If a 100T HMC is permitted, the base rate for 100T HMC is the rate indicated in the first slab for each cargo group.
- (ii). The formula for calculation of average berth-day output is as follows:-  

$$\frac{\text{Total Quantity loaded / unloaded by HMC} \times 24 \text{ hrs.}}{\text{Total time taken from commencement to completion of loading/discharging of cargo}}$$
- (iii). According to the average berth-day output for the vessel from commencement to completion of loading / discharge of cargo, the appropriate rate of crane hire charge will be chosen for recovery from Port users for the full quantity of cargo loaded / discharged.
- (iv). If one HMC works with another HMC or ELL crane/s, the Berth-day output for the crane will be ascertained on the basis of the quantity as recorded by the HMC's load meter.
- (v). In case of breakdown of the crane for more than one hour till the vessel leaves the berth, the quantity handled by HMC will be determined taking into account cargo loaded/ discharged prior to break-down divided by crane working hours and multiplied by 24.
- (vi). In case of stoppages of operation of HMC for reasons not attributable to the HMC, appropriate allowance will be allowed to the crane while calculating the total time of crane operation in the vessel. No allowance will be allowed for stoppages attributable

to the HMC. All stoppages in loading / unloading operations during working of HMC are required to be certified by the DPA officers in the daily vessel performance report.

- (vii). No shifting charges shall be levied by the Port in case shifting of a vessel from berth to another berth/ anchorage becomes necessary due to break down/ non-performance of HMC.
- (viii). In case of dispute on the average output, the decision of the Port Authority will be final and binding.
- (ix). The rates approved shall remain in force for a period of five years, subject to indexation from the date the Order comes into effect.
- (x) Crane should be booked with advance notice of 1 hour.
- (xi) Booking charges of Rs. 53,230.00 per crane is required to be paid. In case of cancellation of booking by the user for the reason not attributable to DPA, only 50% of the booking charges will be refunded. In case of non utilization of crane, no refund will be given. In case cancellation of booking by DPA due to reasons attributable to DPA, full amount of refund of booking charges will be made.
- (xii) Crane hire charges are required to be paid in advance on base rate at the time of booking on Quantity mentioned in Shipping bill in case of export or quantity mentioned in bill of entry in case of import. Advance payment and Booking charges will be adjusted against the actual billing. Booking charges and advance payment will not carry any interest.
- (xii) For supply of MHC for other than cargo operations the charges @**Rs10,846.14** per hour or part thereof shall be levied.
