Scope of Work (Tentative)

Name of work: "ISO 14001 certification for providing port facility and related maritime services for vessels and Cargo Handling including storage of Deendayal Port Authority

Brief Summery

The Deendayal Port Authority (DPA) (Erstwhile Deendayal Port Trust) is one of the major port in India and was commissioned in 1952. It is located on the western coast of India between 23° and 01° N and 70° and 13° E. It experiences a tropical weather with south west monsoon winds playing a dominant role in controlling its weather pattern. Rapid growth of Deendayal Port Trust and its close proximity to the city of Gandhidham puts tremendous pressure on the sensitive environmental and ecological well-being of this area.

As per environmental management standard exist to help organizations how their operations negatively affect the environment, to comply with applicable laws regulations and other environmentally oriented requirements and continually improve in it and standard requirement of ISO 14001-2015 to maintain the Environment Management System which includes environment audits and external audit.

Scope of Work:-

- The work is to be carried out at Kandla, Gandhidham & Vadinar
- The contract period is 3 years from the date of issue of work order
- The work of surveillance audit shall be started immediately after re-certification audit & issue of ISO-14001-2015 certificate
- The successful bidder will also be responsible for certification/re-certification/audit of any revised version of ISO 14001-2015 during the contract period

Obligations of Deendayal Port Authority:

The DPA will provide facility such as training centre projector for conducting training and discussion related to during internal audit and surveillance audit & transportation facility from A.O. Building, Gandhidham, to different offices at Kandla , Gandhidham & Vadinar.
