Expression of interest

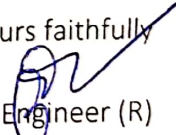

Sub: Upgradation of Roads & S.W.D. Outside cargo jetty Area At New Kandla (Cement Concrete Pavement)

Sir,

Deendayal Port Trust intends to invite e-tender for the subject work. Kindly submit your Expression of interest along with budgetary-offer for the subject work on the basis of tentative requirements of material enclosed herewith. The rates quoted must be inclusive of all taxes, & exclusive of GST. The GST applicable shall be shown separately, which shall not be considered for evaluation purposes. Your Expression of interest along with budgetary offer for the above work should reach to the above mentioned address on or before 04/11/2022.

Thanking you,
Encl. As above

Yours faithfully

Executive Engineer (R)
Deendayal Port Authority

ROADS DIVISION

Name of the work :Upgradation of Roads & S.W.D. Outside cargo Jetty Area At New Kandla (Cement Concrete Pavement)

Sr.No.	Description	QTY	Unit	Amount
1	Wet consolidation of quarry spall by rolling with power roller of 8-10 tone capacity at required R.L. including dressing, levelling, watering the area of plot/approach road etc. complete as directed by the	91970.00	M2	
2	Providing and fixing Polythene sheet, 125 micron thick as a separation layer over Dry lean cement concrete (DLC) / Plain cement concrete (PCC) complete all labour and material as directed by Engineer-in-charge.	919700.00	m2	
3	"Providing and laying Pavement Quality Concrete of M-40 grade, in roads/ taxi tracks/ runways, using cement content as per design mix, using coarse sand and graded stone aggregate as per approved & specified design criteria, using approved admixture providing dowel bars with sleeve/ tie bars wherever required, laying at site, spreading and compacting mechanically by using slip form concrete paver with electronic sensors, levelling to required slope/ camber, finishing with required texture, curing, making provision for contraction/expansion, construction & longitudinal joints (10 mm wide x 50 mm deep) by groove cutting machine, providing and filling joints with approved joint filler and sealants, complete all as per direction of Engineer-in-charge (Item of joint fillers, sealants, dowel bars with sleeve/ tie bars to be paid separately). (Cost is exclusive of Reinforcement)			
A	Cement concrete manufactured in automatic batching plant (RMC plant) including transportation to site in transit mixer and laying with slip form paver	22992.50	M3	
4	Construction of granular sub-base by providing close graded Material conforming to specifications, mixing in a mechanical mix plant at OMC, carriage of mixed material by tippers to work site, for all leads & lifts, spreading in uniform layers of specified thickness with motor grader on prepared surface and compacting with vibratory power roller to achieve the desired density, complete as per specifications			
A	With material conforming to Grade-I (size range 75 mm to 0.075 mm) having CBR Value-30	50584.00	m3	
5	Providing, laying, spreading and compacting graded stone aggregate (size range 53 mm to 0.075 mm) to wet mix macadam (WMM) specification including premixing the material with water at OMC in for all leads & lifts, laying in uniform layers with mechanical paver/finisher in sub- base / base course on well prepared surface and compacting with vibratory roller of 8 to 10 tonne capacity to	22993.00	m3	

Note : Rates shall be exclusive of GST
