Further, if sub contract permission is not authenticated, the respective party shall be considered non-responsive. The decision taken by DPA shall be final.

If the Bidder has completed works in a private organization as stipulated in the Minimum Qualification Criteria (work experience), the following documents must be enclosed with the BID for consideration:

- TDS Certificates: The Bidder must provide TDS certificates issued by the competent authority with respect to the work experience submitted.
- CA Certificate: The Bidder must submit certificate issued by Chartered Accountant (CA) stating that the amount shown in the TDS certificate has been received with respect to the work experience submitted by the Bidder. This document must be certified by the CA with stamp, signature and UDIN number, failing which the bid will stand non- responsive.

3. Joint Venture

- i. In case of JV, to qualify experience in similar works, merging of work order value executed by two or more of its members of JV either as a whole or as member of JV shall not be permitted to qualify eligible works in terms of similar completed works. Only No. of work orders completed works by member of JV shall be merged to evaluate the experience

- ii. Lead partner should have executed at least one similar work costing **Rs. 196.84 Crores** (40% of estimated cost) (excl. GST) as per Minimum Eligibility Criteria
 - iii. The works reckoned for the above purpose are those executed by the tenderer as prime contractor or proportionately as member of joint venture or as a sub-contractor, authorized and approved by the Employer of the work(s) against which the tenderer has claimed his experience.
 - iv. In case of Bid submitted by JV/Consortium, the lead partner of the JV shall meet the minimum Eligibility criteria of Financial Turnover.
 - v. Bid Security required shall be furnished by lead member of JV.
4. Bidders who meet the minimum qualification criteria will be qualified only if their available bid capacity is more than the total bid value. The available bid capacity will be calculated as under:

$$i. \text{ Available bid capacity} = A \times M \times N - B,$$

where A = Maximum value of engineering (Civil/ Electrical/ Mechanical as relevant to work being procured) works executed in any one year during the last five years (updated at the current price level), taking into account the completed as well as works in progress.

M = Multiplier Factor (usually 1.5)

N = Number of years prescribed for completion of the work in question (30 months). B = Value (updated at the current price level) of the existing commitments and ongoing works to be completed in the next 'N' years.

The Bidder shall furnish statements showing the value of existing commitments and ongoing works as well as the stipulated period of completion remaining for each of the works preferably countersigned by the Nodal Office or his nominee-in-charge.
